Subject: From NPS.gov: Secondary Roads Corn Dance

Email submitted from: dewwhidden@comcast.net at </bicy/parkmgmt/orv-advisory-committee.htm>

Hello The Corn Dance Unit Primary and Secondary roads have been marked however I notice that the one that I traveled last week ended well before the map had indicated. Also one of the trail markings could not be located but is on the map as a secondary road. Will the map be revised or will the closed markers be relocated to correspond with the map? I would like to see these secondaries correspond with the map. Respectfully David E. Whidden Buck Ridge Camp 857-40
